COUNTY LEGISLATORS WERE IN VERY BELLIGERANT MOOD

Council Members Claim That Sheriff Villiers Is Inefficient And Ask Attorney-General To Remove Him From Office—Hold Up Accounts For "Entertaining" Murder Trial Jurors—Make Large Grant To V.O.N.

Lincoln County council, at the close of the November sessions Wednesday in St. Catharines, requested the attorney-general of Ontario to remove William Villiers, sheriff of the County of Lincoln, from office, charging that he was inefficient.

The resolution, passed by council following the presentation of the report of the general administration committee under the chairmanship of Reeve Leonard Hoare of Merriton, requested that "a more co-operative and efficient sheriff be appointed." Sheriff Villiers was appointed in March of this year to succeed Sheriff Fred Graves.

Charges of inefficiency, not being satisfactory and lack of co-operation with the county council and officials were hurled at Sheriff Villiers during the discussion on the resolution. County officials added that they were holding up bills pending clarification by Sheriff Villiers, one, it is alleged, having been for "entertainment" for

PROVINCIAL COPPERS HAVE BUSY WEEKEND

Obliging Motorists Stage Collision Underneath Constable Collins' Bedroom Window.

Although a motorist ditched his car to avoid striking a cyclist on the Smithville-Grimsby stone road on Saturday afternoon, the cyclist, 12-year old Andrew Tropajna, North Grimsby, fell off his bicycle, struck the back of his head on the pavement and suffered possible concussion.

The motorist, Bazyl Cenar, of Smithville, told police three boys were riding bicycles on the road, one at either side and one in the middle of the road. As he blew his horn and attempted to pass, one lad fell from his bike and, to avoid striking him, he swerved his car into the ditch.

Provincial Constable Gordon Collins, who resides on Nelles Road at the Queen Elizabeth Way intersection, had just climbed into bed at one o'clock Sunday morning after a busy night on the highway, when there was a crash outside his window.

At about the same time the driver

DEATH SUMMONS NOTED MEMBER OF MOUNTIES

Ex-Staff Sergeant Sidney G. Clay Succumbs After A Brief Illness—Member Of Famous Arctic Patrols.

One of Canada's outstanding "Mounties" of his time, ex-Staff Sergeant Sydney G. Clay, R.C.M.P., died at his home in Grimsby Friday night in his 68th year, following a brief illness.

A veteran of the South African War, he was born at Weston-Super-Mare, Somerset, England, on September 9, 1880, coming to Canada 43 years ago to join the North West Mounted Police, which later became the Royal North West Mounted Police and then the Royal Canadian Mounted Police.

Posted to the Arctic Patrols of the famed Force, he had, during his lengthy service, been stationed at nearly every one of the far-flung outposts. He opened the station at Herschel Island, then the farthest north post, and was at Fort McPherson, Great Slave Lake, Chesterfield Inlet, Coppermine River, Aklavik, and was on the Dawson patrol. Prior to his retirement in 1928, he was on Headquarters staff at Ottawa, for a time.

In younger life, in England, he took an active part in athletics and sports, being a member on two occasions of a team which won the water polo championship of England, and holding 100-yard and 440-yard swimming championships.

Following his retirement, the lure of the North still called and he returned to Fort Smith, Yellowknife and Great Bear Lake with an exploration company in search of

Reviewing The Fruit Industry

It had been the intention of this paper to carry this week the third of a series of articles concerning the fruit industry in West Lincoln. The first two articles which ran in the past two issues, have given readers a survey of the prices of a central pack has been outlined in all its different phases.

The second article delved to some length on the Brown Rot. The third of these articles was to have been a series of views as expressed by growers and dealers concerning the matter of the importation of American fruits to Canada. This, as we found out from those men interviewed is a topic that growers, especially, get all worked up about.

However, due to the new Ottawa regulations which went into effect last week, which to date would seem to change entirely the fruit scene, The Independent will withhold the third of the articles on the fruit industry, until such time as the whole matter is clarified.

According to initial reports in the daily press, fruits and vegetables (citrus fruits excluded in some cases) will not be imported to this country.

When this most important issue comes before the House of Commons on the third day of December, 1947, should then be the time to examine what effects the new ruling will have on this—the centre of the fruit industry.

GRIMSBY FIRM CAN MAKE YOUR OLD CLOTHES LOOK LIKE NEW

Star Cleaners Are Now Located In Their New Building—New Equipment And Processes Are Most Modern Obtainable—Further Expansion Is Planned For The Spring.

Whether everyone is aware of the fact or not, this town now houses one of the most up to date cleaning and dyeing establishments to be found anywhere. The finishing touches are just being completed on the new addition to the plant, and the two storied building holds within its cement block walls a very modern cleaning establishment, known as the Star Cleaners and Dyers.

John Cimba, owner and a very shrewd businessman, realized when he first came to Grimsby, that the cleaning service here was not too good, depending entirely on city firms. So he started the ball rolling and it is just now that his plans are really swinging into full operation.

The new building is a sixty-five by thirty-two cement block affair, and being a new building it was built to conform with a mass production angle. Roughly it operates in this way. The trucks bringing in clothing can either unload or load by means of an elevator which has an outside outlet. The basement contains the steam heating unit, which supplies the required steam for the various cleaning processes. On the main floor seven new machines which cost several thousand dollars to install, assure customers of the Star Cleaners the best in cleaning. From

HERE'S THE ANSWER TO THE POWER QUESTION

Clerk G. G. Bourne Produces Figures That Quickly Tell Why There Is A Power Shortage.

Any person who is inclined to question the statement that there is a serious shortage of electric power in Ontario need look no farther than Grimsby for an answer, a most surprising answer.

Town Clerk G. G. Bourne, who is also secretary of the Grimsby Hydro Electric Commission, showed The Independent, on Saturday morning, a list of figures that were positively staggering. These figures covered the amount of money paid each month by the local commission to the Ontario Hydro Electric Commission for the amount of power consumed in Grimsby each month. These figures covered the period from April, 1943 to October, 1947, inclusive.

The amount paid for power used in April, 1943, was \$1,674.88. From that date on to the present time the power consumption and the payments made a steady increase each month until the October, 1947, payment was \$3,019.47. Just a few dollars less than double the amount paid in April, 1943.

Now, if every municipality in Ontario was increasing its power consumption on the same basis as Grimsby, and there is no reason to believe that they were not, then it is quite easy to understand why there is a serious power shortage in the province.

WINNIPEG BUYS FROM GRIMSBY

Grimsby Firm Is Shipping Chesterfield Suites To Many Points In Ontario—Tony Stadler Has Built Up A Wonderful Upholstering Business In Grimsby—New Furniture On Display.

With twenty years experience behind him in the intricate business of upholstering and refinishing furniture of all types, Tony Stadler is doing a super job of building up a business in Grimsby which has been lacking for many years.

Up in the old Hawke's Hall where many a Grimsbyite has tripped the light fantastic in years gone by, now stands a complete show room of modern furniture, with a spacious part of the floor space set aside for repairing furniture of all kinds, types and conditions.

Says Tony: "We get some pretty tough stuff to fix up, but I never turn them down, and without fail the 'before' and 'after' process completely satisfies my customers."

Starting in business in 1945, and calling the it the Grimsby Furniture, Tony states that seventy five percent of his business is out of town work, and to back up his statement, he produced a new Chesterfield that is being shipped to Winnipeg this week.

When a Chesterfield or an up-

GRIMSBY POST OFFICE BUSIEST SPOT IN TOWN

Never A Dull Moment At Any Season Of The Year But At Christmas Time It's Terrific.

One of the busiest spots in Grimsby, at any season of the year, let alone at the Christmas season, is the Grimsby Post Office. As evidence of this we quote you some figures as provided by Postmaster L. A. Bromley.

Last week the local office handled 3,278 incoming magazines and newspapers, there were also 6,749 incoming letters; with 6,188 outgoing letters. During the week 4,000 people called at the public wickets for mail and postal money

CITIZENS SHOULD SEE THAT NAME IS ON VOTERS' LIST

BABY COUNCIL MEMBER

ROBERT H. JOHNSON, born in Binbrook, Ontario, has been in the lumber industry for eleven years, and is serving in the capacity of Director on the Ontario Retail Lumber Dealers' Association. Coming to Grimsby three years ago, "Bob" took over Marsh Planing Mills and formed the Peninsula Lumber Company, which business is improving steadily under his hand. He is serving his first term on the Town Council, being elected to this office at the beginning of the current year and has proved to be a solid, thoughtful municipal official, being Chairman of the Property Committee. He lives on Murray street, is married, two children.—Photo by Robert Alldrick.

ROADS ARE BECOMING BIG COUNTY COUNCIL HEADACHE

Congratulations

We extend this week our heartfelt congratulations to G. Murray Beamer, Ridge Road west, North Grimsby, who tomorrow celebrates his 82nd birthday. He was born on November 28th, 1865, in the same house in which he still resides, this home having been built over 90 years ago. Mr. Beamer is hale and hearty and has full use of all his faculties. He still does his daily stint around his fine farm and takes a keen interest in all local and world affairs.

List That Will Be Used At January Election Has Been Posted In Clerk's Office—Residents Should Check And If Name Is Not On Enter Appeal To Be Placed Thereon—Last Date Is December 16th.

The Town of Grimsby voters' list to be used in the forthcoming municipal elections has been filed and posted in the clerk's office, as required by law. Ratepayers are requested by Town Clerk G. G. Bourne to check this list for various reasons:

(1) To make sure that your names are on the list, properly spelled and with the correct initials.

(2) To determine if your qualifications as to ownership or tenancy are correct.

(3) To note any errors or omissions that may otherwise be described as separate or public school supporter. There are other matters in the list for your perusal which should be noted.

Abbreviations used in the list under "Condition" are: M denotes Married; MW—Married women; B—Bachelor; S—Spinster; W for Widow, etc. Under qualifications L.F. Owner or L.F. Tenant denotes that you have a Municipal and Legislative franchise. MFNC denotes

NEW VENETIAN BLIND BOON TO HOUSEWIVES

Grimsby Firm Manufacturing Individual Slat Type Out Of Aluminum And Steel—Also Chrome Chairs.

When fire broke out in the early morning hours on Saturday, October 5th, 1946, it did a pretty complete job of destroying the building which housed the White Canadian Aircraft. Now some thirteen months later plans are well under way to rebuild around the shell that was left after the fire had burned itself out, at a considerable loss to officials of the Company. Now, what little fire did leave of White Canadian Aircraft has been wiped out through business transactions, so that at this time the new owners are the Grimsby Metal Industries, Ltd., they having bought out the physical assets of White Aircraft.

Blueprints which were drawn up by Jack McCausland have been approved by the Department of Labor, and materials have been ordered for the reconstruction of the plant.

However, at the present time, and existing for the past two months, the Grimsby Metal Industries Ltd., have been turning out venetian blinds, and this business will be enlarged to a greater extent, plus the production of chrome kitchen tables and chairs when the building is completed. Production on chrome tables and chairs was at one time quite high, when the White Canadian Aircraft was operating. Grimsby Metal Industries

V. O. Nurses Are Already Doing A Splendid Work

Lincoln County's two Victorian Order nurses made 139 calls in October in all parts of the county and more people every day are making use of the services provided by the Unit, Miss Hazel Miller, head nurse of the local branch, reported to a directors' meeting at Vineland Station on Thursday night.

Miss Miller, who is on loan here from the Central Board in Ottawa, will be replaced on January 1st by Mrs. Doris Small, who has occupied a similar position at Owen Sound.

AWARDED SCHOLARSHIP

In a letter to the County Board, Miss Maude H. Hall, Chief Superintendent of the Order in Ottawa, praised Mrs. Small for her work during the past two years. She is a graduate of the Winnipeg General Hospital and has had experience in hospitals in staff and supervisory appointments. She took an introductory course in Victorian Order nursing in Montreal and was on the staff at Trenton for six months. She was then awarded a Victorian

Certing. Nurse that time, Mrs. Small has been in charge of the Owen Sound branch for approximately two and a half years. "Mrs. Small has one excellent work there and has done a very secure place for her made the community. Her Board self in reluctant to lose her, but are very a change in experience she feels

will be good for her," Miss Hall's letter stated. The Board unanimously approved the offer of an appointment to Mrs. Small, to take place the first of next year.

(Continued on page 10)

reports from various sections of the County on progress made in lining up canvassers. All members were enthusiastic over the progress to date, and felt confident people of the County would support the drive wholeheartedly. Full co-operation had been given by the press, the chairman, Dr. Charles Wray of Beamsville, reported.

PLAN CAMPAIGN

Members of the Board discussed plans for the campaign for \$17,000 which began Monday, and heard

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

FACTS & FANCIES

Frank Fairborn, Jr.

R.I.P.

There passed away in Grimsby, in his own home, in the quietude of the Niagara Peninsula, far from the rigors and the strife of his early life, a man, who by his loyalty to his position and his actions helped to bring under control what is now one of the richest pieces of Dominion soil.

Staff-Sergeant Sidney G. Clay, Royal North West Mounted Police (retired).

Staff-Sergeant Clay was a member of what is now the Royal Canadian Mounted Police in the days when the long, long trail across the Western Prairies was on horseback, and 24 hours was a day.

In the days that airplanes were only talked about and the trails of the Arctic that he patrolled was by "Mush, Mush" dog team, with the Indian encampments and Hudson Bay Posts miles and miles and miles apart. Yet like the rest of his few brethren of the Red Coat he maintained law and order in a great piece of territory. Territory that today is rich in minerals and furs and timber of unknown quantity and all served by air.

He "mushed" his way to Chesterfield Inlet and then on orders which he faithfully carried out, to Herschel Island and established that Police Post, at that time the farthest north Police Post and for that matter the farthest north civilized point in the World. He civilized it.

We should revere this man, for his death at the early age of 68 is no doubt mainly due to the hardships and the sapping of his vitality by his 23 years of service in the West and particularly in the Northern wastes, protecting our heritage which is now our bonanza.

Staff-Sergeant Sidney G. Clay served his adopted Canada and his Empire truly and well.

POETIC MUSING

In our estimation poetry can generally be divided into two general classifications. There is poetry, such as Rupert Brooke's, for example, that holds the mind and imagination by sheer beauty of words. Into the other classification falls that poetry whose composition, though workmanlike and readable, is more powerful for the message it conveys than for the grandeur and symmetry of its words. Like most people, we are in the habit of collecting odds and ends, newspaper clippings, etc., that strike our fancy.

The following poem, entitled "Dreamer" by James J. Metcalfe we found very effective. We are sorry we cannot recall the source from which we clipped it, but it was from a newspaper:

I dream of all the things in life... That I would like to do... and wish that I could find a way... To make my dreams come true... I talk to others and I try... To study everything... And contemplate the changes that... Another day may bring... But nothing seems to happen while... The weeks and months go by... And all I do is pass the time... And wait and wonder why... Some people say I ought to work... And show a little fight... And sometimes I am half-inclined... To think that they are right... But dreaming is so pleasant that... I only wish I knew... Some other way than physical... To make my dreams come true.

HEARTLAND

Just about one in every four persons in Canada lives on a farm. That is a total of 3,152,449 persons, as the average farm home represents just about four and a third persons. So the number of farms runs to a total of 732,832.

Perhaps because a farm is a great place for kids or perhaps because they instinctively know that if you are to get anywhere in after life a farm background is a very handsome thing to have, kids tend to locate on farms. Just about one third of all the children in Canada under fifteen years of age live on farms.

Sometimes the cities tend to look down their noses at the farms, and point to their great industries with considerable pride. Just for the record then, these vast industries represent a total capital investment of six billion three hundred and seventeen million dollars.

lion three hundred and seventeen million dollars.

That's a lot of money but invested in farm lands, buildings, livestock and machines there are five billion, two hundred and eighty-five millions. On this basis manufacturing is somewhat more profitable than farming as the net value of manufactured products is a little over three billion, eight hundred million dollars, while the cash income from farms, even with the \$65 million allowed under various government grants, was only one billion, eight hundred million dollars. Still it is a creditable record for the farm.

PRACTICAL DEMOCRACY

Most people remember James Fenimore Cooper, if they remember him at all, as the author of *The Deerslayer*, *The Pathfinder* and *The Last of the Mohicans*, stories that stirred the youth of an earlier age with an exciting uncertainty in regard to his scalp. Cooper died almost a hundred years ago and hardly anybody remembers that he also wrote a sober work called *The American Democrat*. In that book he said:

"All that democracy means is an equal participation as is practicable; and to pretend that social equality is a condition of popular institutions is to assume that the latter are destructive of civilization, for as nothing is more self-evident than the impossibility of raising men to the highest standard of tastes and refinement, the alternative would be to reduce the entire community to the lowest. The whole embarrassment on this point exists in the difficulty of making men comprehend qualities they do not themselves possess. We can all perceive differences between ourselves and our inferiors, but when it comes to a question of the difference between us and our superiors, we fail to appreciate merits of which we have no proper conception. In the face of this obvious difficulty there is the safe and just governing rule... of permitting everyone to be the undisturbed judge of his own habits and associations, so long as they are innocent and do not impair the rights of others to be equally judges of themselves."

CRIME DOESN'T PAY—HANDSOMELY

There are no figures that we know of that disclose just what cash benefits the Canadian criminal gets for his effort and thought. The Federal Bureau of Investigation in the United States, however, does report rather exhaustively. Presumably the hauls ought to be better in the United States than here, so we quote the figures for the benefit of anyone interested.

The average "haul" in robberies in the United States last year was some \$13 better than the previous year, offset of course by the increasing costs even of robberies. The average was \$160. That indicates an over-all increase in the robbery business of just short of 9%. Off-setting that was the fact that police picked up 25.4% more of the robbers.

Burglary was somewhat less profitable than the average run of robberies, averaging only \$183.

Sadly enough, young folk seem to be getting into the most trouble. Persons aged 21 headed the list followed by those of 22, 23 and 24 years. An added bit of useful information was that January was the best month to avoid murder.

HERE'S A PUZZLE

(Brantford Expositor)

For those who like working out puzzles, here is one submitted through a contemporary on behalf of the Fourth Estate generally.

Two non-advertisers were in the business of manufacturing rat-traps of practically identical type. The traps cost 15 cents each, were sold to the retailers at 25 cents and to the public at 30 cents.

One of the manufacturers began to advertise his product. His sales went up as a result. Increased sales and increased production enabled him to make traps for ten cents each, sell them to the trade for 15 cents and so to the public for 25 cents, five cents cheaper than the competitor's rat-traps.

Who paid for the advertising?

LEARNING EVERY DAY

The degree of success which anyone attains in his work, profession, or business, depends to a large extent on how far he carries the learning spirit into his occupation. If he has the feeling that he has learned all there is to it, and that he does not need any new ideas, he is not likely to make rapid progress.

There are routine and mechanical jobs in which one can learn about the whole process in a short time, but even here the learning spirit may help. In the great majority of occupations, there is plenty to be learned, and those who are constantly keeping their eyes open for new ideas and methods, or better ways of dealing with people, are likely to make progress and make themselves generally popular.

Penned and Pilfered

It is better to do one good act than to speak many good words.

It is the fellow who is not used to authority who abuses authority.

Fortune does not change men; it unmasks them.

Beware of little expenses, a small leak will sink a great ship.

'WAY BACK WHEN

Frank Fairborn, Jr.

In 1883 Squire Forbes took another canter at John Groat for the reeveship of the village and again was defeated. In June of that year an epoch of history occurred when the finance committee reported to council that a bell had been placed on top of the agricultural works of Groat and Co. at a total cost of \$337.95. That old bell is still being rung four times a day and still serving as the fire alarm.

The fire company wanted the council to buy them new uniforms and the village fathers accordingly granted them \$25. What kind of suits must they have been at the price, for Cellophane was unheard of in those days.

In the old days the first horse or team that arrived at the fire hall to take the engine, hose reel or hook and ladder wagon to a fire received pay. Jim Sullivan had a fire and Sam Cole received two bucks for getting the hose reel there first.

The first pool room license in Grimsby was granted in '83 to Jack VanDyke, a special bylaw being passed for the same. This first pool room was in the upstairs office of the old rink and apple evaporator of VanDyke, on Victoria avenue, where Merritt Bros. basket factory now stands. That old building which was the original militia drill shed stood on what is now the library property and was moved to Victoria avenue in 1878. It burned down in 1897. E. L. Curry, high school teacher wanted council to relieve him of \$9.60 income tax but council refused.

After serving the village well for eight consecutive years as reeve, John H. Groat, in 1884 stepped out of office and Beverley Robinson Nelles became reeve. His council was Wm. F. Clarke, John B. Moore, James S. Kemp and Dymoke Kerman. The first Board of Health was formed in this year with Dr. Millward, Squire Forbes and John C. Palmer as members. Things did not go to suit Forbes and he resigned after three months service and Dr. Alexander appointed in his stead.

The female of the species did not escape from restrictions for very long with the local legislators for in June of '84 a bylaw was passed prohibiting the coo-bomies from roaming at large in the village. This bylaw brought forth a torrent of protest but the bylaw stuck. Groat was the man responsible for having the moo-moos locked up.

Grimsby's first school squabble, and lord knows this burg has had plenty of them in the last half century, cropped up. In June school accommodations had become an acute subject and the board asked the council to submit a bylaw to raise \$1050 for building purposes. This was laid over for a week when a motion was passed turning it down as most of the members did not want to spend money on the old school; they wanted a new site; Kemp voted nay. At the July meeting the board again wrote and this was laid over until the next meeting when bylaw No. 47 was introduced to issue debentures and this was voted on September 29, but was apparently defeated; and nothing more was heard until August of the next year, 1885.

It will be remembered that in July 1883 a bylaw (No. 49) had been passed to open up Murray street. The matter was precipitated in April of this year (1884) as mentioned above, and Willis Beamer and others entered an action to have bylaw forty squashed. On August 14 a special meeting of the council was called when the reeve and Moore were appointed a committee to engage a solicitor to defend the action, and in September \$50 was placed to their credit for expenses. The village lost this action, the case being tried before Justice Oles in October, Aylesworth, Rykert and Ingersoll acting for the village. At a special meeting in November when the solicitors reported the loss of the case, the reeve, Clarke and Moore were appointed to enter an appeal while at a special meeting on January 12 a bylaw was passed "to raise money to meet unforeseen expenses in 1884."

1885—There was only one change this election. Wellington Walker taking the place of Kerman. The council saved (?) some money this year when J. Harvey Teeter cut the price for assessor from \$12 to \$10 and Robert Teeter did the same as collector from \$25 to \$15. But possibly they had nothing else to do and might as well get a little. Grimsby in 1921 became a customs port of entry, but probably few know that over thirty-six years previous to it becoming such an effort was made to have it made so. In February '85, Kemp made motion with Moore that the reeve and clerk sign a memorial to the government asking that Grimsby be made a port of entry. (The office was closed in February of 1906.)

Major Anderson was then a resident of Grimsby and had been for many years acting as St. Catharines so there would have been at least an efficient incumbent for the office.

Some more history was written in June when a bylaw (No. 59) was introduced to raise money for a fire hall, Moore and Walker making the motion. The bylaw was voted on July 9 and carried 35 to 22, the building being started and accepted in the following January. M. Durham was paid \$12 for housing part of the apparatus and a motion of thanks passed by the Rev. R. R. Maitland for housing a part. Also a bylaw was passed leasing the rear room over the fire hall to the Mechanics Institute for three years at \$50 a year.

IT ISN'T THE TOWN

IT'S YOU

If you want to live in the kind of town you like,

You need not pack your clothes in a grip, And go on a long, long hike.

You will only find what you left behind, For there is nothing that is really new,

It's a knock to yourself when you knock your town.

It isn't the town, it's you.

Real towns are not made by men afraid,

Let somebody else get ahead;

When everybody works and nobody shirks,

You can raise a town from the dead.

And if, while you make your personal gain,

Your neighbour can make one, too,

The town will be what you want it to be,

It isn't the town, it's you.

Store windows are looking Christmassy.

Parents—The hardships of a minor's life.

Monologue—Conversation between husband and wife.

All square again. Mr. King gets a medal and Canada gets a muddle.

The Village Inn diningroom will re-open for business on Sunday, December 7th.

Headlines are crying forth "Huron County Is Looking For An Assessor." Boy, page Mogg.

"Long Jack" Smith is well named. It took him a L-O-N-G time to get my screen doors off.

Has Reeve John Hewitt dropped his idea of a pick-up and postal delivery of mail in Grimsby?

The "new look" hasn't affected the skirts worn by girl cheer leaders at rugby games this season.

In case you care, someone says that 1947 is the 100th anniversary of the invention of the doughnut.

Did you know that Dr. A. F. McIntyre was once a Printers' Devil on the Owen Sound Sun-Times? S'fact.

Main Street merchants are obeying the "black-out" regulations pretty good, even if it is coming in the Christmas season.

The steel fence at the top of Palmer's Hill, running parallel with Livingston avenue to Murray street, has been removed.

"Red" Graham says that he is now in the same class as that famous man, Mark Twain. The report of his sudden demise last week was "greatly exaggerated."

Want to be an actor and maybe wind up in Hollywood carrying props? Then contact the members of the Grimsby Players' Guild. They are looking for both male and female talent.

You didn't know it, but Fire Chief Alf. LePage has been buried in the Northern bush for the past two weeks deer hunting. Captain "Dyke" Lawson was acting-Chief during his absence.

WANTED—To borrow a sum of money. Will pay good interest. I need this dough to buy nylon for my widows for Christmas and The Village Banker refuses to part with any kale for this purpose. The old man.

There appeared an item in the advertisement of the Dominion Stores last week that has been conspicuous by its absence for the past seven years. The item read—"Pure cane, white granulated sugar, 50 pound bag, \$4.50."

Researchers tell us that vegetables contain 40-60 per cent water; eggs 65 per cent; pork, 60 per cent; beef 60 per cent; etc. It looks as if might cut down the cost of living simply by drinking a lot more aqua pura, the kind that comes clear and cold.

I have found a way to beat "Red" Mason and his taxi fares. When ever I feel like riding down town I just wrap a piece of brown paper around my middle, tie it with a piece of string and then call Bill's Delivery and I land at the office as a parcel, for 10 cents.

Clang, clang goes the hammer on the anvil. You can't keep a good Smithy down. Alex Scott, the Braw Scot, retired from active business participation some time ago, but recently he became restless and he is back at the anvil again—just when he feels like it—making racing plates for the Biggar string of harness horses now racing at Dufferin.

Clarence W. Lewis left on Saturday night to attend the big four day agricultural convention at Regina where he will attempt to show the folks for province farmers the benefits of spraying their fields for weeds, also the roadside, thus eliminating one of the west's big problems. From Regina he will go on to Vancouver. He was accompanied on the trip by Gordon Hannah, who for the first time in his life is getting farther than 100 miles away from home. He might buy a strin golf hotels before he gets back. One never knows.

I'll bet this was a dead argument. A man called me at the house the other night and asked "when beautiful God's Acre was first conceived?" This ex-Reeve Thomas Johnson (father of ex-Mayor Edric Johnson) and the land was purchased and worked Mr. Johnson never lived to see the cemetery completed as he died in May of 1897, the only Chief Magistrate of either the Village or Town of Grimsby to die in office. His successor who completed the work was the late ex-Reeve Samuel Mabey.

Blessed is the man who does not belly-ache... a belly-laugh is much more productive.

Many folks collect old china or books, and the like... so few collect happy memories.

A writer says that angels don't eat. But ask the man who thought he married one.

In the old days, couples looked for a secluded spot when they wanted to make love. Now they occupy seats near you at the movies.

VALEDICTORY

Address, delivered by Arthur Brydon, now at Queen's University, at the Commencement Exercises of Grimsby High School on Friday evening last.

The year 1947 will be traced with special care into the memories of those of us who have received our graduation diplomas here this evening. From out of the halls and classrooms of Grimsby High School we are stepping into our separate paths, to pursue our own ambitions, to face our own problems. Our high school days are passed but their lessons are not forgotten for it was here we did the ground work, here lie the cornerstones of our lives.

In high school, work of an academic nature comes first. This phrase is not only familiar, for we have heard it from this platform a number of times, but it is also very true. Our classroom work prepares us to further our studies, but it also helps to develop our minds toward maturity. All of this work is not easy, in fact some of it is quite difficult and in this I speak from experience for many times have I sat alone with a latin book clutched in my hands wishing fervently that it had never been published. In fact my attitude toward the latin book was something the same as that of an old scholar with whom one of our profs. at Queens was acquainted. It seems that he had in his possession a book which had been published in the year 1650 or thereabouts. The book was a grammar of the Hebrew language, printed in Latin. On the flyleaf of the book the old man had penciled the following quotation, "This book is somewhat more than 300 years old, it is high time that it

was dead." In spite of its difficulties the academic phase of our high school life is primary and must be completed with great care.

But academics do not stand alone for coming high among the extramural activities of the school is the sporting world. The fielding of play is important to the morale of the school, but there is another lesson besides the actual skill of the sport to be learned, that is the lesson of sportsmanship. The following quotation will be familiar to most of you but it symbolizes for me the very basis of the word sportsmanship. "For when the one great scorer comes to write against your name, he writes not that you won or lost but how you played the game." Here expressed in the language of sportsmen is an ideal worthy of note. If a man plays a sport and gains nothing more from it than his time has been well spent.

However, one is able to benefit from other fields as well as sport in high school. There are far too many to mention individually but they include music, drama, oratory, cadet work and one of the most important our student self government where we learn to choose wisely those who will represent us. Not to be forgotten also are our student publications, for here we have the happy hunting grounds of future journalists.

But there is one aspect of student activity which I have not mentioned that is the dances and entertainments. In this connection I always like to remember the quiz program presented by this year's fifth form at one of our pre-Christmas entertainments. The main feature on the programme was the commercial which extolled the virtues of a product known as "Marucci's Muddy Meat-balls." I also like to remember last year's Sadie Hawkins' dance, which was so well organized by Havelock Jewson and his executive. These and many others will not soon be forgotten. But mention of this phase of activities would not be complete without some mention of our annual "At Home" and Commencement Exercises for these are by far the two most important events of the school year and are normally contributed to by all the students. Last year's At Home saw the revival of some pre-war traditions when some of the senior students, members of the staff and local businessmen came in formal dress. One of the more prominent of our senior students rather relieved the stiffness and formality of the affair when he folded a spotless white handkerchief over his arm and did a remarkable imitation of a head waiter. Yes, these affairs are important to us not only for the pleasure that we derive from them but also for the practice in organization which they provide.

Some of our years in Grimsby High School have been war years during which we have watched the members of the staff come and go all too frequently. To each of these we say thank you for your contribution to our education. But still a simple statement of gratitude does not seem to be enough for they have been to us not only patient instructors but also good friends. To them I say this, every moment of association with you, both intramural and extramural has been an honour and a privilege.

To those who come after us, the pupils now enrolled in the high school, I would leave the following thought. You will not appreciate what you are learning here until what you have been away for some time as some of us have even a few weeks makes a difference. Grasp every opportunity and develop it to the full for these are the proverbial ones that only knock once.

Just before I close I would like to hand a few orchids to our local board of education for here is a group of citizens who take the problems of the High School to heart. Their job is not an easy one but it is always expertly handled and they stand ready to lend a sympathetic ear to anyone who would be heard.

I spent considerable time in searching for a thought to leave with you this evening and at last I settled on a few lines from a poem written by Robert Browning called "Look Forward." Although these refer to a much higher goal they seem to express the feelings of a high school graduate, who having attained one goal looks forward to a higher and more difficult challenge.

"For the journey is done and summit's attained and the barriers fall, Though a battle's fought ere guerdon be gained the ward of it all."

A good working system for country is to keep the folks never sporting

TOWNSHIP HOME

away at the time and firemen had to break in.

Flames had broken through the ground floor at the front of the building and were spreading rapidly when the firemen arrived. Water from two lines of hose brought the fire under control quickly.

Indications of an explosion at the furnace were seen in the cellar, the fire chief said, and the fact that the fire was discovered about one-half hour after hydro power had been restored, following a two-hour shut-off, led to the belief that some safety device on the oil burner may have failed to operate.

Highway traffic in the vicinity was snarled during the time the fire was at its height.

PROVINCIAL COPPERS

ers got out of their damaged cars he arrived on the scene to find that cars in charge of Harold French, R.R. 4, Hamilton, and George Ramshot, St. Catharines, had tangled on the east-bound lane of the Q.E.W. While damage was extensive, no person was injured.

"When they bring them right to your door, it's not too bad," the officer commented.

Slippery roads was the cause of an accident on the Smithville-Grimsby stone road on Saturday night, police said, when a car in charge of Thomas Roberts, Smithville, was ditched when hit by a skidding car in charge of Cyril Haven, North Grimsby, which then bumped into a parked truck. Provincial Constable Gordon Collins investigated.

DEATH SUMMONS

of valuable minerals.

In 1915 at St. Alban's Church, Beamsville, he married Margaret Agnes Warner, whom he had known in England, and she returned to the north with him. She died at Chesterfield Inlet in September, 1924, after being attacked by husky dogs and in her memory, a beautiful memorial was erected at the post by fellow members of the R.C.M.P.

Some years later, Staff-Sergeant Clay was married to Rosaline Warner, a sister of his first wife. He had resided in North Grimsby and Grimsby for the last 19 years. He was a member of Patricia Lodge, A.F. and A.M. of Winnipeg, West Lincoln Branch No. 127, Canadian Legion, and St. Andrew's Anglican Church, Grimsby.

Surviving, besides his wife, at Grimsby, are a brother and sister, Harry Clay and Miss Annie Clay.

both in England.

Funeral services were held from his late home, Paton street, on Monday afternoon to St. Andrew's church where services were conducted by Rev. E. Arnold Brooks, and were very largely attended by friends and acquaintances throughout the Peninsula and by many old members of the Mounted Police. Interment was in St. Andrew's churchyard.

Six active members of the Royal Canadian Mounted Police were honorary pall bearers.

Medal bearer was Wallace Warner.

The flag draped casket was carried by Kenneth, Norman and Samuel Warner, George Robertson, Jack Robertson and Albert Mason.

NEW VENETIAN BLIND

Ltd., hold exclusive patents on the new and much improved "removable slat" type of venetian blind. Any housewife who has cleaned the old type standard venetian blind, will readily understand what a time-saver the removable slat type would give her in the lengthy process of cleaning a venetian blind.

Being the sole patent holder for the whole Dominion, the Grimsby Metal Industries are naturally finding a ready market for their product, and are shipping to points as far east as Nova Scotia, and out to Alberta in western Canada.

We learned that the wooden blind is practically obsolete now, and that the aluminum and steel slat type blinds are now getting the call from the public.

The Company makes any size blind, and guarantee delivery within one week after receiving the order. Although they are now working with a small staff, they can turn out several hundred blinds every week.

The wood valance, and the top and bottom rails also made of wood come from Tennessee, although some local basswood is used. The metal fittings and the steel slats which come in rolls are brought here from Peterborough, while tapes are all imported from England, and the assortment of tapes is very great, even to the new type tape which features a different color on each side.

The Company still turns out the standard type of blind, and either type can be procured with either the aluminum or steel slat. Slats come in three shades, white, egg-shell and ivory.

We believe the Grimsby Metal Industries Ltd., have a really fine product, and especially their exclusive "removable slat" type blind, should make for a fine business here in Grimsby, and a further source of employment for Grimsby people.

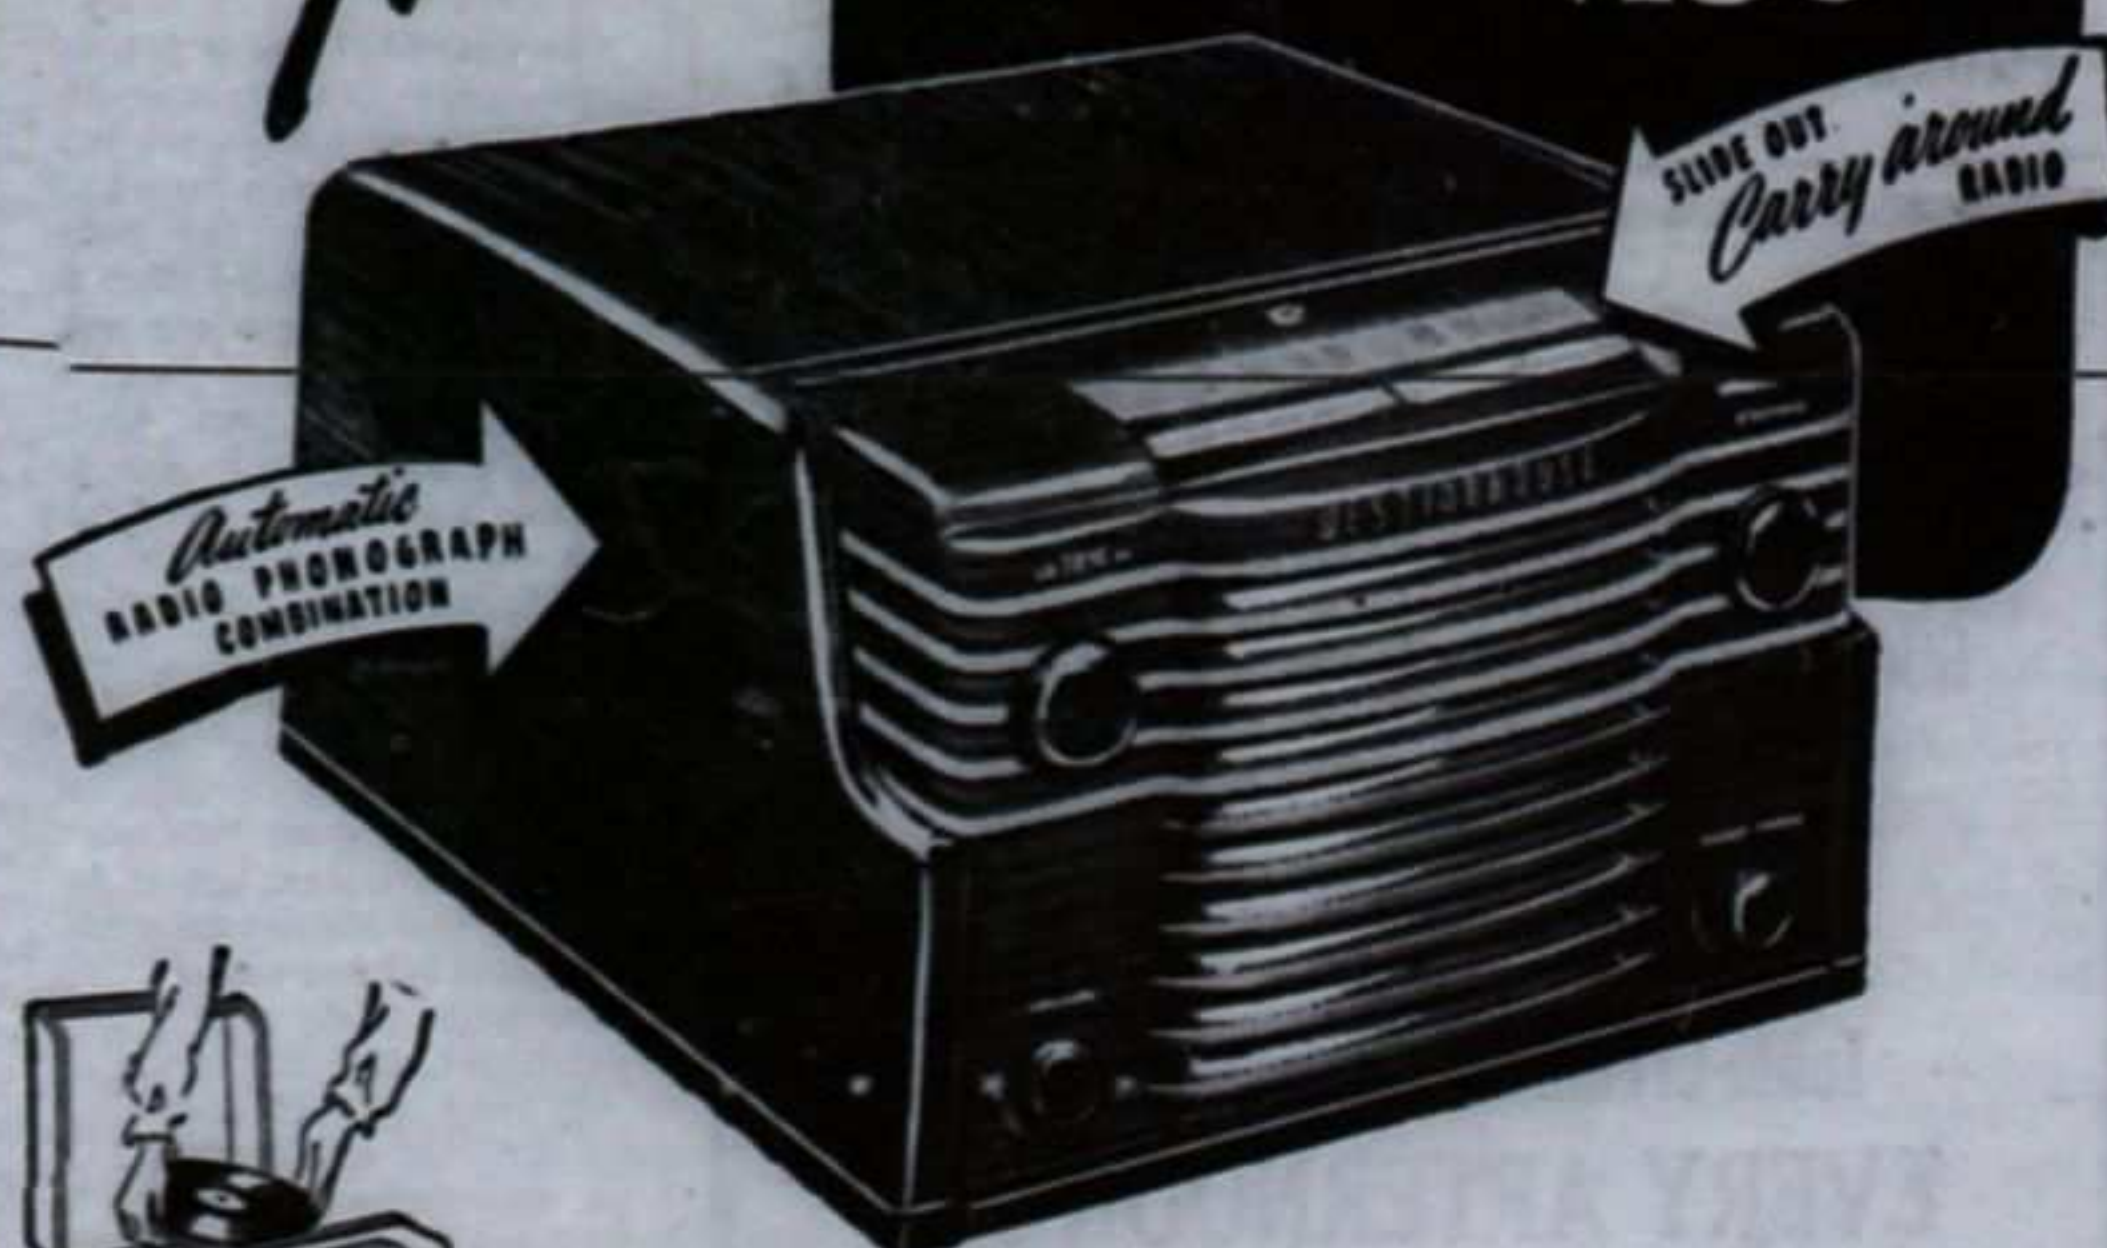

COUNTY LEGISLATORS

the jury at the recent Chambers murder trial. It was stated that Sheriff Villiers was not seemingly anxious to meet with the council committee to discuss the matter.

The unexpected move by council came at the end of a long discussion during the afternoon on the administration of the county jail in St. Catharines. On a recorded vote the motion passed the council 13 votes for and five against the resolution.

During a discussion on public health matters within Lincoln County, the council passed the following resolution:

That a grant of \$1,250 be made to the Victorian Order of Nurses, Lincoln County branch, for the year 1947, in order to assist the branch in its organization and establishment of its nursing service and also that the following basis be recommended to future councils for the computation of county grants: 50% of the branch's net expenditure to be arrived at by deducting from gross expenditure the amount received from visits

Introducing
Indoor Snapshots

Are you one of the many who think Indoor Snap-
shots can only be taken by a Photographer?

MILLYARD'S DRUG STORE, GRIMSBY, has ar-
ranged to have Mr. VAN ZANT, of the Unique Art
Studio, Toronto (our Photo Finishers), demonstrate
how easy it is to take Indoor Snapshots.

The Demonstration will be on Tuesday, Dec. 2nd,
from 1 p.m. till 6 p.m., during which time a Snapshot
of you and any member of your family will be taken
and presented to you absolutely FREE. If you have a
baby here is a chance to get a good Indoor Snapshot of
the little Girl or Boy.

Don't Miss This Demonstration! See how easy it is
to take Pictures Indoors with a Box Camera! Not only
will you receive Expert Instruction on the Method of
Taking Indoor Snapshots, but from this picture addi-
tional Snapshots, Enlargements, Christmas Cards or
Calendars can be obtained by placing your Order at
MILLYARDS DRUG STORE.

REMEMBER THE DATE:-
TUES., DECEMBER 2nd
FROM 1 P.M. TO 6 P.M.

THE PLACE:-
Millyard's Drug Store
GRIMSBY, ONTARIO

The rink at the Park school is
already for use, all that is needed
is the co-operation of the weather-
man. We learned over the weekend
that another rink is being built
down at the Radial Diner, this to
be used for the kids from the
Thirty district, and especially for
the Midget "B" team which is be-
ing entered in the O.M.H.A. from
the Beamsville district.

The old Community Hall in
Beamsville has been the scene of a
great many dances, some good and
some pretty terrible, but from all
reports it looks like the hop com-
ing up on December 3rd, sponsored
by Club 12 is going to get a big
run. The advance sale of tickets is
moving rapidly, as is the sale of
turkey tickets, which is in con-
junction with the dance. From re-
ports by club members, we found
that they wanted to call it a Tur-
key Trot, however, when they en-
gaged the Phil Gage band from the
Rainbow Room, they decided that
this turkey trot thing sounded a
little too much like ye olde hoe-
down.

Art Brydon of Queen's was in
town town over the weekend. Art
gave a splendid vaudeville act at
G.H.S. on Friday night, and kicked
around the Independent office on
Saturday. Art informs us that Ron
Kemp, spunky little wing man of
the Championship Peach Kings is
going like a bat outta—for the
Queen's Seniors. The Brydon also
claims that Queen's had a great
football team, even though they
didn't go far. Also he has no use
for the Kingston Whig Standard,
and especially its sports editor,
Mike Rodden. Art also likes the
idea of sitting in The Independent
and using the typewriter of Le Liv-
ingston. As a junior member of the
Queen's rag, Art claims his type-
writer down there holds no thrill
whatsoever, after having his two
fingers caress fondly the yellowed
keys of Bones' Underwood.

No winner on Foto-Nite on
Thursday at the Beam. Vineland
lady got the call.

Midst much drooling from the
male sex of the town, natch, refer-
ring for the most part, to the
younger bloods, or shall we use
the campus term "ickies." Recent
showing of young belles of the
town dressed up in the swell-ele-
gant stylings of the Lady Byron
Shop, is going over big.

The whole thing is a brainchild
of the Lady Byron, and is a heck
of a good stunt. Young ladies of
the town, of which we have many
—Ooooh-Ooooh, are contracted by
the capable Mrs. England, and she
togs them out in the latest in cam-
pus clothes, as well as the latest in
fashions. The gals then get the op-
portunity of modelling for our
young Mr. Bob Aldrick, who
photographs them in natural col-
our. The pictures are transferred
to lantern slides, and with the co-
operation of the Roxy Theatre, the
slides are flashed onto the silver
screen each Wednesday, Thursday
and Friday. To date several gals
have modelled various types and
styles, and the idea is catching
on very well, and patrons of the
Roxy are commenting upon the
idea very favorably.

In an interview with Mrs. En-
gland of the Lady Byron, she asked
that we print something to the ef-
fect that not only high school gals
would be welcomed, but that any
young lady around town who would
like to get herself all fixed up in
some really super finery, should
get in touch with her.

As they are not promoting the
turtle neck sweater with attached
draw string this year, I am not
entering my current flame. How-
ever, I must say, that she can
model one of these high necked
sweaters very well, especially if it
comes well up over her face.

I shall content myself with peer-
ing at such models as Peggy Dowle
for instance, who was recently
shown in an outfit particularly
keen for campus wear. A gray
pleated skirt, topped with a red
sweater.

Now that I've started I'll have
to finish, and I trust that we miss
no one. Alice Demerling of the
Bell Telephone was a recent model,
she modelled a yellow jersey blouse

with a dainty lace trim, sufficient
to get the wires crossed any time.

Marilyn Millyard posed in a
Chinese style pyjama outfit, red
top with black slacks. An outfit
that brought assorted comment
was the Gibson girl, consisting of
long (really long, fellows) black
skirt, with white blouse, Shirley
McVicar did a swell job with this
newest in fashion, trends.

Others that have modelled in-
clude: Anna Fay in a wool plaid
skirt with plain top. Anna also
modelled in gray slacks with a
jacquard sweater of red and white.
Olga Treschuk really did justice
to a fuchsia wool jersey dress,
with a smart silver studded collar.

This one we really went for. As did
the audience.

Betty Shantz looked elegant in
red and black plaid slacks, worn
with one of those zooty Lady By-
ron white cable stitched sweaters.
Evelyn Griffith wore a plaid skirt
with white blouse, this is the type
of outfit that makes us wish we
were back in school again—study-
ing. Georgina McDougall was fit-
ted out in a sharp creation, con-
sisting of a turquoise jersey blouse,
with a grey skirt to complete the
ensemble.

To model the latest in hosiery,
Doris McBride, and we had no idea
that there were so many different
types of hosiery. We do know that
there are two types of legs. Broth-
er, they are either good or they are
bad. The hosiery pictures are some
of the nicest we have ever seen.

That completes the list for the
present. We think the whole thing
is swell, and even if the Roxy is
showing a western we should still
go. Really the Lady Byron fash-
ions are smart in every way, and
the quality of Bob Aldrick's work
is really out of this world. And to
think, Bones, I have to look at you
all day. Zounds—what an exist-
ence.

One of our biggest yearly events
has passed. The Commencement
At 7.45 the students assembled in
the gym. Mr. Aude called the gradu-
ating class and grade 13 over and
presented them with flowers. It
was a very wonderful surprise. Re-
marks were passed as, "it's just
what I needed to brighten my
dress." The arranging went very
smoothly this year. Finally we
were ready to march in. First the
choir, then the graduating classes,
and finally the rest of the pupils.

The program began with O Can-
ada and the Lord's Prayer. Art
Brydon then very capably gave his
vaudeville address. Following this
came the presentation of diplomas
by Mr. T. L. Dymond. Mr. P. V.
Smith gave a very stirring address
to the graduates. The program also
included fine work by the choir,
a dance done by Irene and Olga Ste-
powsky and presentation of prizes by
the teachers and members of the
I.O.D.E. and Lions Club.

The evening concluded with an
enjoyable dance held in the gym-
nasium.

STUDENTS OF THE WEEK

Ah! What have we here? None
other than the other half of the
Buckingham twins. This one is
called "Alfy." He says school gets
on his nerves, (we say) like he gets
on the teachers. He was very ex-
pressive in his description of his
favourite girl—slim, blonde and
brown-eyed. His ambition is to be-
come a druggist and his hobbies
are fishing, hunting and wood-
working.

Gail Morton came to us from
Sudbury (wonder if she swam all
the way?). She is very sports-
conscious as can be seen by her
hobby—swimming and her ambi-
tion to be a physical training in-
structor. She likes school and is
in Grade Ten though she is only
thirteen. Her favourite subject is
P.T. (natch!)

JOKE OF THE WEEK

We've just heard about an On-
tario couple who were forced to
take their vacation motor trip,
through Quebec and Nova Scotia,
rather late in the season. They de-
cided that their small son, Morgan,
should accompany them on the
trip even though school had begun
and, by way of impressing the lad
with the full import of this conces-
sion, he was given a notebook in
which to record anything he saw
that struck him as particularly
worth remembering. We're delig-
hted to report we've obtained first
Canadian serial right to the diary,
even though it never got past the
first page:

Things I Seen to Remember.
One dead skunk on road.
One dead rabbit.
Nother dead skunk.
Five cows on road.
Nothing else.

—Morgan.

**FROM GRIMSBY, CANADA
TO GRIMSBY, ENGLAND**

Writing to The Independent, Mrs.
Margaret Taylor, of Green Trees,
says:-

"I thought you might be inter-
ested in this little story that con-
cerns Grimsby, Ontario, and Green
Trees.

"This summer some Hamilton
people drove some of their Amer-
ican friends to Grimsby, and drop-
ped in to 'Green Trees'. While here
they bought several things amongst
which was one of our handwoven
Canadian ties, it was put in one of
our attractive green gift boxes
with our name on, and also has
'Grimsby, Ontario' printed on it. (I
guess our boxes and cards are all
over the States, for we have had
people from California and most of
the other forty eight states, who
have made purchases here.)

However, this American upon
arriving back in Chicago, gave this
tie to a friend, and one day this
friend was entertaining an Eng-
lishman who was in Chicago on
business. Showing the English-
man the tie, he told him that it
was handwoven and came from
Canada, whereupon he showed the
visitor our Green Tree box. The
Englishman happened to come
from Grimsby, England, and was
so taken with the tie and the fact
that it came from Grimsby, Can-
ada, that he asked his American
friend if it were at all possible for
him to obtain a tie like the one
shown, and particularly our Green
Tree gift box.

This man asked the friend who
gave it to him, the friend wrote to
the Hamilton family, the Hamilton
people came to Grimsby, got the
tie in the same kind of box, and
the tie in the same kind of box, and
now it's on the ocean — going to
Grimsby, England, from Grimsby,
Canada.

"I hope you can understand this,
but I was proud that this man

want a tie from us and a gift
box that displayed prominently—
Grimsby, Ontario."

Sincerely,
(Mrs.) Margaret Taylor.

BOON FOR BUMPERS

The motorist, whether male or
female, who is forever locking
bumpers with the car ahead, is
steering into a bright new future.
The Society of Automotive Engi-
neers have at last got their heads
together and, instead of figuring

out some new gadget whose use is
in inverse proportion to its cost,
have come up with the amazing
conclusion that it would be better
if bumpers bumped instead of lock-
ing. The result of these portentous
deliberations is that at last we are
to have cars that will not dip be-
low or rise above 18 1/4 inches on a
normal stop.

Robinson Crusoe should have
been happy on that island. He
didn't have to worry about world
conditions.

Mrs. R. M. Scrivener, Livingston Ave., spent the past week in Montreal visiting relatives.

Lyn Cooper, 28 Oak St., spent last weekend at Jordan Station, a guest of Freddie Nunnemaker.

Mr. and Mrs. Clifford McCartney and Mr. and Mrs. Norman Johnson spent Sunday with Mr. and Mrs. Hugh Merritt, Kitchener.

J. A. Forester (Mike) underwent an operation at Christie Street Hospital on November 15th. Mike's condition is reported favourable but he will be confined to the hospital for a few weeks.

The many friends of Mrs. Herbert L. Hagar, who has been confined to West Lincoln Memorial hospital for the past three weeks, will be glad to learn that she was able to return home on Tuesday.

Mrs. Wm. Shelton who had the misfortune to fall and break her hip some months ago, is now making fine progress toward recovery at the home of her daughter, Mrs. Art Woodcock, St. Catharines. She wishes to express her thanks to all the friends who sent her cards, flowers, etc., during her illness.

Philip E. and Mrs. Tregunno have left to spend the winter at Fort Lauderdale, Fla.

Trinity Bible Class

A delightful tea and sale of work was held last Wednesday afternoon by Trinity Ladies' Bible Class, in Trinity Hall, under the convener-ship of Mrs. Harold Pickett, president of the class.

Mrs. Sam Stuart was in charge of the home made candy and bake sale while Mrs. J. A. Raymond and Mrs. J. J. Graham looked after the sale of work.

Mrs. James Klock was convener of the tea; Mrs. U. Stewart, Mrs. Albert Jarvis, Mrs. George Tennant and Miss Etta Copeland assisted in serving while Mrs. Frank Little read the tea cups and Mrs. John Miller assisted at the door.

FARM FORUM NEWS

WOOLVERTON AND RIDGE ROAD

The fourth meeting was held at the home of Mr. and Mrs. William Morrison with an excellent attendance. The evening was spent in playing games led by Mr. Spencer Merritt and Mrs. John Bowlsbaugh. The "Intelligence Contest" between the ladies and gentlemen was won by the ladies. The evening closed in a social hour.

The next meeting will be held on Dec. 1st, at the home of Mr. and Mrs. Geo. De Quetteville. This promises to be a very interesting meeting as we have invited a member of the staff of the St. Catharines-Lincoln Health Unit to help us discuss our problem "What's New in Health."

Everyone welcome.

Mrs. Wm. Morrison, Sec'y.

Grimsby Bible Society

The Bible Society is a world-wide organization. There is no country into which its Scriptures have not penetrated. They are sent to the Eskimos of the Canadian Arctic and to the Maoris of New Zealand; to the Ainus of Japan and the Quechua of Peru. All the Christian Churches benefit from its activities. Its co-operators to the number of 1,100 take the Book to almost inaccessible places. They spread over the plains of China; they climb the slopes of the Himalayas; they penetrate the great deserts of Africa and the waterways of the Amazon. They make the Bible the most accessible Book in the world, and the most widely read Book in every continent.

Next month Grimsby Branch of the Bible Society is giving everyone in the community an opportunity of contributing to this adventurous work.

When a man's conscience begins to nag him, it rides him all the time.

Festive Table Laid With Irish Linen

THIS festive autumn table setting shows the beauty of simplicity—the drama of contrast in form and texture. It begins with a natural color Irish linen cloth crossbarred with open stitchery—the perfect background for modern dinner plates and a colorful centerpiece of flowers, fruits and grain arranged in two criss-crossed straw mats which are rolled up to simulate a horn of plenty open at both ends.

I.O.D.E.

The monthly business meeting of Lincoln Loyalist Chapter, I.O.D.E., was held in the Chapter Room, Village Inn, on Monday afternoon, November 24th, with the Regent, Mrs. E. A. Buckenham, presiding.

A moment's silence was observed in tribute to our late member, Mrs. A. W. Mason.

Miss Eva Secord, Visiting Nurse for the Lincoln County Branch V.O.N., who is stationed at Smithville, gave an instructive and descriptive talk on the work of the Order. The Chapter decided to donate the sum of \$25.00 to this worthy cause.

Mrs. W. H. Morris, our Educational Secretary, gave a most interesting report on the Chapter's part in the High School Commencement. Shirley Cornwell was the winner of the I.O.D.E. medal, and the Bursary award was made to Marjorie Haworth. Verse speaking and progress awards were also made. Our Empire correspondence, a new branch of our work, has started, with nine Grimsby High School students writing to the same number in New Zealand.

Mrs. R. N. Wolfenden told us about her recent trip to England, and said how much she had enjoyed the trip across on the Queen Elizabeth, even when stranded for two days on a sand bank, also saying how much she had enjoyed her visit with many friends and relatives.

Our Post War Convener, Mrs. Mrs. Geo. F. Mitchell, reported receiving a letter from England, telling of the safe arrival of the Chapter's first "Box for Britain", and saying that another box, made up from last month's donations, is on its way. There was a generous contribution from the members at this meeting, for this month's box. As Mrs. Wolfenden reminded us, the parcels are arriving safely, and they do add many a bright spot to a rather rigid fare.

The December group of I.O.D.E. members, convened by Mrs. Ray MacPherson, Mrs. Cliff, McCartney, Mrs. R. O. Smith, Mrs. Ruby Powell, Mrs. J. H. MacMillan, Mrs. Fred Taylor, Miss Olive Kitchen, Mrs. Walter Morris, Mrs. Brock Snyder, and Mrs. Wm. A. McNiven, has planned to hold a Bridge at the home of Mrs. W. A. McNiven, No. 8 Highway West, on Monday, December 8th.

The Chapter's donation to the Princess Elizabeth Gift Fund will be going forward shortly.

BAZAAR PRIZE WINNERS

The Ukrainian Greek Orthodox Church of St. George in Grimsby, wishes to take this opportunity of thanking all those who helped make an outstanding success of the bazaar recently sponsored by the Church.

Special thanks are due, however, to the merchants of Grimsby who by their great generosity have helped in a big way to make the affair the outstanding success it was.

The winning numbers in the draw were as follows: First prize, 5274; Second prize, 4649; Third prize, 1341; Fourth prize, 236; Fifth prize, 736; Sixth prize, 3318.

Many a speaker needs to be floored when he gets the floor.

TRINITY CHURCH NEWS

114th ANNIVERSARY SERVICES

"By our faith and loyalty and sacrifice we can order the life of the church that the next anniversary will mark the most significant milestone in our history." Speaking at the 114th Anniversary service of Trinity United Church last Sunday, the recently inducted minister, Rev. A. Leonard Griffith, presented his congregation with four objectives for the year ahead. These were: a new record in church attendance; a new record in giving; a new community influence; a new interest in missions.

Capacity congregations filled the church at both morning and evening services. Because it is his first year in the church, Mr. Griffith was invited to be the Anniversary preacher. The choir under the capable direction of Mr. Donald Kennedy, organist and choir-master, presented musical offerings of a high calibre. Members of the Baptist congregation were present at the evening service.

In the evening, Mr. Griffith presented the tenth in his series on the Ten Commandments as "Foundations for Reconstruction." He dealt with the 9th Commandment, "Thou shalt not bear false witness against thy neighbour," pointing out its indispensability to the well-being of human society and to the recovery of a sense of moral order.

Following the evening service, the Young Adult Group held a very enjoyable Fireside Hour in the church. The guest speaker, Rev. Dr. Neil Leckie gave several interesting recitations of his own poems.

St. Andrew's W A

A pleasant party was held in St. Andrew's Parish Hall on Monday afternoon for the Little Helpers' Branch of the W.A. This is the youngest branch of the Woman's Auxiliary.

The Junior Branch, under the leadership of Mrs. Robert Hillier, were on hand to assist in entertaining the smaller fry, together with the members of the Senior W A.

Mrs. Roy St. John, secretary of the Little Helpers', was in charge of all arrangements. Rev. E. A. Brooks opened the program with prayer, and an address to the mothers. He stressed the importance of religious education in the lives of the Little Helpers; this being a duty of the parents, as much as the physical training of the children.

Games were enjoyed by the Juniors and a delicious lunch was provided by the senior members. Tea was served by mothers and visitors.

Collection boxes were distributed to the Little Helpers, to be returned next year; also prayer cards.

Card of Thanks

We wish to express our sincere thanks to the neighbors and friends for their many acts of kindness and sympathy during the recent loss of a dear son and brother.

Mrs. Case and family.

We wish to express our sincere thanks to all the friends for the kindness and sympathy extended to us during the illness and loss of our sister, Minnie E. Marsh. Sisters and brothers.

TEEN TOWNERS CLUB

There was fun for everyone at the Suzette Studio Teen-Towners Dance on Saturday night. The decorations were amusing and original, and the costumes of the dancers (bright red and green plaid skirts) supplied plenty of colour. The program consisted of Paul Jones, square dancing, barn dances and modern, with a floor show and special musical numbers. What talent!

Winners of prizes for dances are Jackie Ellis and Chris Wade, Mary Crich and Doug Barron. Winner of the prize for the best artist (drawing a pig while blindfolded) was Chris Wade. Just to prove that it can be done, Leslie Walters won the prize for out-talking a girl. All had their fill of cokes and doughnuts.

Mary Crich, Sec'y.

Mothers' Club

The first of the fall and winter meetings of the Mothers' Club was held last Wednesday afternoon at the home of Mrs. J. M. Lawson, with Mrs. James Durham presiding.

Plans were made for the annual Christmas party which will be held this year at the home of Mrs. Harry Clark, on December 10, under the convener-ship of Mrs. Harvey Lambert. It was planned to send a box of food to a family in Britain, the members to donate the articles for the box.

A discussion on the proposed dental clinic was held and arrangements will be made to ask Dr. D. R. Copeland to attend a meeting early in the year and explain the plan to the Mothers' Club.

Mrs. Arthur Henley reported to the health clinic. Lunch was served by Mrs. Lawson, Mrs. Ernest Tomlinson, Mrs. A. Henley and Mrs. James Durham.

Coming Events

The concluding session of the Autumn Bridge Tournament for the Ladies' Auxiliary, West Lincoln Memorial Hospital, will be held at Mrs. Wm. Hewson's on Murray Street, Tuesday, December 2nd, at 8 p.m.

The W. A. of St. John's Anglican Church, Winona, is holding a Bazaar in the Winona Hall, Friday, December 5th, at 2 o'clock. There will be miscellaneous booths consisting of Aprons, Home cooking, candy, White Elephant, lotions, toys and miscellaneous. Afternoon tea will be served.

Coming Events

The Women's Association of Trinity United Church are holding a Sale of Useful Articles and Home Baking in Trinity Hall, Friday, Dec. 5th. Afternoon tea served from 3 to 6. Come and bring your friends.

To a small boy, Utopia is the place where the movies run nothing but double features.

"THE BRASS JUG" — 127 MAIN ST. W.

TIP OF THE WEEK

THIS WEEK'S "Brainstorm While Brushing" comes from Marianne —, a typical Pin-up Girl of 1947. She said, "Dear Jacqueline: When it comes to cutting hair you're super! Our crowd dares let you 'get in our hair' anytime. You do, smilingly, scold us for 'putting up our hair every night'—but, gee, we just don't like that 'permanented look!' Jacqueline answers: 'Thanks for the comp, pet. I've always been interested in you Little Women, with your fresh enthusiasms—you give me a lift. You're my patrons of tomorrow—so I can't let you down today. Yes, I've heard your cry! So I've designed and dedicated to you "THE BOBBY SOXER"—which begins with the shortest, spunkiest tendrils framing your face—then cascades down to as long-a-length as you choose in back—with no 'jumping-off place' in between. Add to this, a Tested Permanent Wave, soft and natural—dropped in back, mind you, so there are no bumps on your crown. Then, all that's left for you to do is brush, BRUSH!" And we Poke Abouters add: Better make an early appointment with "Salon Bernard"—Christmas comes December the 25th.

Mrs. Caleb Tuck has gone to Toronto for the winter.
 Mr. and Mrs. B. H. Scott spent a few days visiting in Toronto last week.
 Mrs. Hugh Martin has returned to her home in Toronto, for the winter.
 Mr. Harold Schott has returned home after spending the past seven months in the north.
 Mrs. Walter Schott and Mr. John Schott spent Sunday in Jerseyville, visiting at the home of Miss Helen Woods.
 Mr. and Mrs. W. Hunter, Central Ave., spent a few days in Toronto, attending the Royal Winter Fair.
 Mrs. Charles Durham and Miss Jean Durham recently drove to Merlin to visit Mr. and Mrs. Don Beckstead.
 Mr. Arthur Adams has been moved from West Lincoln Memorial Hospital to the O'Brien nursing home on Livingston Ave.
 Mr. and Mrs. Don Mott have moved into Auditorium Circle in the house recently occupied by Mr. and Mrs. J. E. Saunders.

Welcome
 West Lincoln Births

To Mr. and Mrs. Gordon Buchan, Grimsby, on Tuesday, Nov. 18th, a daughter.
 To Mr. and Mrs. Eugene Hamilton, Fruitland, on Tuesday, Nov. 25, a daughter.

Obituary
MRS. ARCHIE DANIELS
 Rose Daniels, widow of Archie Daniels, died Wednesday at the home of her daughter, Mrs. Mary Robinson, Main Street West, in her 85th year.
 Born in Tapleystown, a daughter of the late Mr. and Mrs. John Potts, she had lived in Smithville and Stoney Creek for some years, but most of her life had been spent in North Grimsby township. Her first husband was John Madigan and her second, Archie Daniels was killed in the First War.
 She is survived by two daughters, Mrs. Mary Robinson, and Mrs. Ellen Hannis, of Dundas; one son, Luke Madigan, of Hamilton; two sisters, two brothers, seven grandchildren and three great grandchildren.
 Funeral services were held at the Merritt Funeral Home, Smithville, on Saturday at 2.30 p.m. Interment was in United Church Cemetery, Smithville.
 Casket bearers were Leslie Robinson, Edward Hopkins, Cecil Robinson, Edward Hopkins, Cecil Robinson, Norman Wilcox, Fred Johnson (Smithville).

Girl Guides
 Tuesday evening we had a very good attendance at our meeting which opened with patrol formation, followed by roll call and collection.
 The Captain announced that next week the annual Brownie Flying Up Ceremony would take place at our meeting which will start at 7.30 p.m. Parents and friends are invited.
 Colour party for next week: B. Shaw, M. Barlow, G. Cameron. Ten Guides passed bus time tables for Second Class test. Second Class Knots and Recruit Knots were taught.
 We played the game "Oh Susannah" and had a sing song, and closed with Foxglove Vesper and Taps.
 Note, all Guides are asked to take one or two branches of cedar to Miss Cullingford on Friday.

Card of Thanks
 I wish to express my sincere thanks to the friends and neighbours for their sympathy during the loss of my mother; with special thanks to Mr. S. Merritt, Smithville.
 Mrs. Mary Robinson.
 Mrs. Sidney Clay wishes to thank her neighbours and friends for the many kindnesses shown during her late husband's illness; also those who loaned their cars. Special thanks to Rev. E. A. Brooks and Dr. A. F. McIntyre.

Lions Club
 At a directors' meeting of the Grimsby Lions held on Monday night of this week, a motion was passed which will send \$100.00 to the Food For Britain Campaign, which is sponsored by the Lions of Canada.
 Considerable business was transacted during the meeting, and Chief Aub Crich announced that due to the Village Inn not being in readiness as yet, the meeting scheduled for Tuesday, December 2nd, will be held in the basement of the Presbyterian Church, where dinner will be served at 6.30 p.m. by The Beavers Club.
 The speaker for the evening will be Mr. Harold Wright of Hamilton, whose subject will be "Seeing England and France in the Post-War Period."

Vinemount News
 The Women's Association of the Tapleystown United Church held their annual Bazaar in the local school, Friday night, and was well attended with most of the articles sold. Booth consisted of candy, kitchen articles and second hand. A good program was rendered by the following: quartette, Mesdames Joe Clarke, Fred Norton, Marian Watt, Miss Betty Thomas. Readings by Mesdames Ernest Tweedie and Joe Clark, accordion solo by Elsie Christian, vocal solos by Betty and Trevor Thomas.
 Mr. and Mrs. T. E. Webster and eleven year old daughter, Peggy Anne of Eglehart, Northern Ontario, arrived in Vinemount Sunday afternoon, having purchased the General Store and Post Office from Mr. T. M. Rock and taking possession Monday, November 24. Mr. and Mrs. Rock and family are moving to Port Dover, where they expect to go.
 The Vinemount Badminton Club, held their first game of the season on Thursday night, November 20, in the W. Hall.

Grassie News
 Mr. and Mrs. Joe North, Grimsby, were dinner guests with Mr. and Mrs. Clifford Walker on Sunday.
 Mr. and Mrs. Fred Joyner of Smithville, visited Mr. and Mrs. S. Swayzie, on Sunday.
 Mr. and Mrs. Don Hysert have three guests from England visiting with them.
 Mr. L. Thomas and boys attended the Ice Follies in Toronto Friday.
 We are very sorry that Mr. Chas. Seeley is in the West Lincoln Memorial hospital. Friends wish him a speedy return to his home.
 Mrs. L. Thomas is holding the Chatterbox Club at her home for the winter months. The next meeting will be held this Friday evening.
 Mr. and Mrs. Chas. Vickers and boys visited with Mrs. Lottie Walker on Sunday evening.

MRS. G. W. GLEDHILL
 There passed away at the home of her daughter in Belleville, Ontario, Mrs. Gledhill, beloved wife of G. W. Gledhill, Sr., and mother of G. W. Gledhill, Jr., of Grimsby.
 The late Mrs. Gledhill was in her 84th year, and died after a lengthy illness. Born in Manchester, England, she came to Toronto, Canada, in 1909, and in 1920 they moved to Grimsby. Moving back to Toronto they remained there until 1946 when she went to Belleville, to her daughter's home where she passed away this week.
 It was in September of 1946, that Mr. and Mrs. Gledhill celebrated their diamond anniversary.
 Her oldest daughter, Mrs. G. O. Moss predeceased her in 1945. With her passing she leaves to mourn her loss, G. W. Gledhill, Jr., of Grimsby, Mrs. Harold Miller, Belleville, Mrs. Albert Long of Toronto, and Mrs. Albert Helliwell, also of Toronto.
 Resting at the McDougall and Brown Funeral Home, Danforth Ave., Toronto, where funeral services will be conducted on Friday afternoon at 2 o'clock. Interment will be made in St. John's Norway Cemetery.

Seal Sale Campaign
 IS NOW UNDER WAY
 The Central Council of Women of the Niagara Peninsula Sanatorium is again appealing for funds so that the sanatorium might continue its drive in case finding. Government support pays for treatment of patients in sanatoria but it offers nothing toward the heavy cost of running clinics conducted by the sanatorium and at which 11,610 patients were examined in 1946 at a cost of approximately \$30,000. Our slogan for years has been early diagnosis with a shorter and surer cure. The facilities for examining anyone suspected of having tuberculosis are available through the sanatorium and clinics which are conducted regularly in St. Catharines, Niagara Falls, Welland, Port Erie, Port Colborne and Dunnville.
 In 1946, 227 new cases of tuberculosis were discovered. 1,367 cases of tuberculosis in the area are being kept under medical and nursing observation. This is a protection to the community as a whole; and supporting the Christmas Seal Fund, if it does not assist you in rendering a personal service, does provide a real measure of protection to you and your family.
 We cannot be complacent about the fact that the death rate from tuberculosis which was 200 per 100,000 population at the beginning of the century has dropped to 14.7 in the Niagara Peninsula for 1946. Tuberculosis caused more than 5,000 deaths in Canada in 1946 and most of these deaths were in the age group of 15 to 45. It is still a serious and needless menace, and you have an opportunity to assist in its control by purchasing Christmas Seals.

Rebekah Lodge
 A very successful euchre and bridge was held in the Masonic Hall under the auspices of Alexandra Rebekah Lodge on Tuesday evening.
 Twelve tables were in play and prizes were won by Mrs. Harvey Lambert and Mrs. B. Webster for bridge, and by Mrs. Geo. Crittenden and Mrs. Ed. Cowell for euchre. The special prize for the evening was won by Mrs. Thos. Fearn. Refreshments were served by Sis. Gladys LePage and her committee.

SPORTOLOGY

(By Bones Livingston, Sportologist)

HE TAKES UNTO HIMSELF A LASSIE—Last week I received an air mail letter from Scotland. It was from Jack Clancy, a Peach King now showing his wares with the Ayr team in the Scottish League. He reports that he is going good and on Saturday the 22nd was taking unto himself a bride. A little lassie from Kilmarnock, where Johnny Walker Red Label comes from. His fan public presented him with a large mantel clock. The Ayr team had just finished play with a large mantle clock. The Ayr team had just finished play with a large mantle clock. The Ayr team had just finished play with a large mantle clock.

FACTS FROM THE FRIGIDAIRE—ART BRYDON reports that KEMP of last years CHAMPIONS is playing centre for the first string on the QUEEN'S University team and going well. . . . That little STEWART girl on the GOLDEN DROP team is certainly an in and out. 92 one game and 203 the next. . . . At long last little JOEY SHELTON has come out of her trance. She went to town for 206-232-165 for a 603. It's a long time since she has done that well. . . . In the meantime CAROLYN MARLOWE has fallen out of the bottom of the league. . . . KAY PYNDYK had a 674 triple and HILDA JOHNSON had a 682. . . . MARY NORTON and DORIS McBRIDE are still point leaders. . . . With MARTIN rolling a 254-255-212 for a 721 triple and it was the handicap that lost that odd game. . . . PONY EXPRESS were really riding the range on Monday night when they took the GAS HOUSE 2-1. They had 10 games over 200 with LITTLE JOE THE WRANGLER leading the parade with a 315 game and a 712 triple. BILL HAND the airplane deer hunter had three games over 200 for a 688 triple. . . . Pay your premiums, boys. INSURANCE BILL FISHER with a 353 game and a 785 triple led his UNDERWRITERS to a 2-1 victory over SHEET METAL. . . . MONARCHS had nine games over 200 to take three points from the FLYERS. . . . BOULEVARD with the five player scores ranging from 541 to 591 took FIREMEN for three games. Fire eaters only had one man with a score over 500. . . . BILL ROOKER, a PEACH BUD star before the war and who played on two championship army teams overseas is back in England again. He is playing defence on the Brighton Tigers in the English League and according to English newspapers this team looks like the team of the year. . . .

 9:00—Crawford vs. Golden Drop.
 9:00—Veteran vs. John Hall.

PEACH KINGS RARING TO GO; PORT DALHOUSIE ARE STRONG

(By HIGH Mcgregor)
 Okay, you hockey hungry hooligans. So you have been sitting around chomping on next to nothing with regard to what Grimsby will have to offer for the fast approaching hockey season. We have even had the odd guy who would give us odds that we would be lucky to have a midget team here. For the past couple of weeks we tried to be subtle and told of the preparations at the arena, the fact that programs are being printed, and even went so far as to state that we would have a hockey game here on the 5th of December. Still a few die-hards who think they are in the know, thought that the Peach Kings had fallen, never to rise again. What about Reid and Warner, who are out with the Pats. Hann and Hutehison who are playing for Brantford, and the wonder boy George Zuke, who is also thrilling the gals up Brantford way. They are lost. So what? Monday afternoon as the falling light of day ebbed from our gloomy edifice, who should walk in but Pop McVicar. Pop talked fast, and we wrote fast, and this is what comes out. The Peach Kings will play an exhibition game with Port Dalhousie on Friday night, December 5th. Incidentally quoth our informant—"Port Dalhousie has one of the strongest O.H.A. Intermediate "B" teams in the Province of Ontario this year." And still another bombshell—"Thorold will not enter Intermediate "B" hockey this season."—McVicar. Having got that much off his mind, Pop must have taken pity on us, and he must have guessed just what our next question was going to be—players, players? Geronimo! Holding down a left wing berth will be a very handsome brute of a man who is bound to please the bobby-soxers. His name is Bill Buckley. Hails from St. Thomas where he played Intermediate "B" hockey last year. From Stratford we shall see Bunny Glass, a big rugged defenseman. At centre, a kid by the name of Ted Hoyle, who last year centred for Hamilton Pats. Another is a fellow by the name of Proctor who originally hails from Saskatoon. He is a left winger. And then don't forget, Pop has got Hank Hill. Old Pop McVicar issues an invitation to all boys in the Fruit Belt who believe they have a chance to make the team to contact the Arena and find out when the first practice will be and then to turn out and show what they have. Boys are eligible from Jordan, Beamsville, Vineland, Smithville, Grimsby, Winona, Stoney Creek, Bartonville, Burlington Beach, Burlington, Aldershot, Mount Hope, Caledonia, Dundas, Greensville, Lynden, and Ancaster.

ARENAS COST MONEY

Fort Erie is finding that building costs are really going up. The town council had originally passed a motion to raise \$25,000 by debentures to complete their new arena which is now under construction. But this was found insufficient so the original motion has been substituted by another to raise \$45,000 in its place. This will be subject to approval of the Ontario Municipal Board. Cost of the arena is now placed at \$85,000. These costs do not include the cost of the refrigeration plant, as the plant of the original arena is being used.

Ho, hum. The social life of the modern young couple depends upon whether or not the baby-sitter will show up.

It was different in the old days. The family doctor wasn't perplexed by one of the family being an authority on magazine medicine.

WINNIPEG BUYS
holstered chair of any type is brought in for repairs, it is not simply a case of sewing on a new covering. Far from it. The chair is torn down until only the wooden framework is left. Springs, padding and all the rest is replaced if necessary, and then a fresh new covering is put on, so that when it arrives back at the owner's home you could not possibly tell it from a new piece of furniture.

Getting into all lines of furniture, the store will soon carry bedroom suites, as well as diningroom furniture, kitchen sets, chairs, both wooden and chrome, end tables, coffee tables, in fact a complete line of household furniture.

V. O. NURSES ARE
lod in October. New cases in October amounted to 54, with 139 visits.

"As you would expect, this means that our collections are higher too; to date, more money has been received in November than in the entire month of October.

"We continue to receive invitations to address various interested groups in the community, and Miss Secord has been helping out with this phase of the work. Since our last Board meeting she has spoken to the Smithville Eastern Star and Grimsby Women's Institute. Other groups addressed are: Beamsville I.O.O.F., Louth Women's Institute and Grimsby Lions Club. The Lions allowed five to ten minutes in which to explain our forthcoming drive for funds and to appeal for volunteer canvassers to cover the Town of Grimsby."

APPOINT AUDITORS

The Board appointed William H. Millward, county clerk-treasurer, as auditor, with W. C. Nickerson as his assistant.

Miss Miller also told the Board she was making regular calls and giving treatment to a patient in the Lincoln County Home.

ROADS ARE BECOMING

the one mile of Ontario St. in Port Dalhousie which was to revert back to the village, was the only stretch of road that Port had on the county road system. He requested that the council's stand on the matter be reconsidered and his words were echoed later in the day by Reeve Frank Laundry of Beamsville regarding a similar situation in that municipality.

The council, in adopting the report of the Road Committee presented by Reeve William E. Heaslip of Gainaboro, decided to take no action on the petition of Louth Township ratepayers regarding what road in that township is to be taken over by Lincoln until a report is presented by the two Louth representatives to the county council.

The petition presented protested the taking over of the Grantham-Louth Townline as a part of the county road system.

During the discussion regarding roads, council decided that in view of the doubt that exists regarding which roads in Louth and Caistor Townships are to be taken over by Lincoln that the bylaw in this connection would be deferred until a later date.

The council went on record as being in favor of a resolution presented by Perth County for their endorsement regarding the increase in maximum valuation of cattle and cows in tuberculosis areas. Perth requested that the Dominion Government increase the valuation from \$40 to \$60 for young cattle and from \$60 to \$100 for cows.

Accepting the report of the Agriculture Committee, presented by Deputy-Reeve J. B. Aikens of North Grimsby, the council passed a resolution protesting against the action of the government in removing subsidies on feed grain and mill feed. Deputy-Reeve Robert G. Dawson of Niagara presented the report of the Board of Management of the Industrial Home and the council instructed Solicitor H. M. Rogers to prepare a new County Home Bylaw.

At the close of the first day of the monthly sessions the council paid tribute with a minute's silence to the late George E. Wiley, Reeve of Louth for several terms, and who passed away last month.

CITIZENS SHOULD SEE

that you are not a property owner but have a vote. It means that your name on the list is not counted for the purpose of extra county council representation for the town. Manhood Franchise is described by the letters MF by which you are entitled to vote only at provincial elections, and in accordance with this list; the Dominion prepared its own election list.

Other general abbreviations are: AOP—other premises, J—Juror, and P.O.—Post Office address which is indexed for your reference at the front of the Voters' List. Ft. means part of a lot. All lot numbers are in accordance with Plan 6 unless hyphenated with a more recent plan number.

Only owners are entitled to vote on money by-laws. All others on

MOULDERS OF CANADA UNLIMITED

ONTARIO EMPLOYS MORE THAN HALF THE STEEL-WORKERS IN CANADA—145,024 IN 1946

THE GROSS VALUE OF ONTARIO'S IRON AND STEEL PRODUCTS WHICH WERE EXPORTED IN 1946 TOTALLED OVER \$67,150,000.

1937-AAAAA
1947-AAAAA

THE NUMBER OF IRON-AND-STEEL WORKERS IN CANADA HAS MORE THAN DOUBLED SINCE 1937

ONTARIO'S STEEL-WORKERS
PRODUCED OVER \$800,000,000 WORTH OF IRON AND STEEL PRODUCTS IN 1946

The heat and clamour of our smelting plants, the steady hum of our factories all testify to the skill and industry of Canada's iron- and steel-workers. They are mainstays in the production of countless articles, from tractors to towel racks, from ships to shovels... they make the sky-scraping skeletons of our great buildings, helping to build their country, to mould Canada Unlimited.

O'Keefe's
BREWING COMPANY LIMITED

parts one and two of the list are entitled to vote on municipal election, keeping in mind ownership for money bylaws and school support. Other general conditions for voting are minimum age of twenty-

one; being a British subject; and not being specifically disqualified by certain sections of the Municipal Act.

Final date for making changes and additions to this list is Tuesday, December 16, 1947, so there is no time to waste. There will be no appeals received after this date so that if your name is not properly inserted on the list you can expect no ballot on election day which will be held on Monday January 5, 1948. If your name is on Part 1 or 2 of the list you are entitled to vote for mayor, reeve, deputy reeve, council and hydro commissioners, Board of Education and Water commissioner.

If you value your franchise, surely it is not asking too much that you drop in to the clerk's office and make sure that your name is properly entered. These lists are also posted at various points of the town for your convenience.

With the numerous changes in population and the large number of property trades during the past year, information submitted to the clerk is bound to have certain alterations by Monday, Nov. 29, 1947.

Your co-operation in this important matter is urgently requested and you are expected to get out and vote.

GRIMSBY FIRM CAN

either of two washers, clothing is placed in extractors, which remove the fumes of the cleaning solvent, thence to the tumblers or driers. Another new improvement is the steam spotter board.

This apparatus removes any soiled spot that might remain after being processed in the regular washer, and when still another special drier does its job, the article is really clean in every respect.

Up on the second story the pressers are located. At present three steam pressers are operating, with still another to be installed. For special work, two ladies do a remarkable job by the use of the hand iron.

Mr. Cimba is also adding another service that really should go over well, this being a repair department. Two expert tailors are on his staff, to take care of that rip in Junior's breeches.

It is evident wherever you look, that this establishment has the floor space to do a good job. This is a rather important angle, all too often a business is ruined by being cramped into tiny quarters that will not facilitate good working conditions.

The entire building is illuminated by means of the latest in fluorescent lighting.

We were informed by Mr. Cimba that by early spring a complete storage system would be installed to take care of fur and cloth coats, as well as other articles of clothing. This storage vault will be erected in the basement and will be of the latest design with regard to storage vaults.

Still more plans of expanding are due for the future, but for now the Star Cleaners are concentrating on building up a good business, business which includes three stores in Hamilton, and covers such centres as Fruitland, Winona, Smithville, Beamsville, Campden, Vineland. You can appreciate the vast amount of rural area taken by covering these centres mentioned.

Two trucks are on the road constantly, and apparently are doing a good job, for at present thirteen persons are employed at the plant, that turns out clean clothes for residents of West Lincoln.

Robinson Crusoe should have been content on that island. He didn't have to worry about doing any Christmas shopping.

This will also be recalled as an era when every college boy listed the owning of an auto as a necessity.

This man
is easy to meet...
AND GOOD TO KNOW!

Here is your bank manager. Serving you is his job—and he is as proud of serving you well as you are proud of your own work.

If you need credit for business or personal reasons—talk things over with him. He will respect your confidence. His knowledge and experience, with the whole organization of the bank behind him, can provide for you a wealth of information on conditions in Canada and elsewhere too, if you need it.

Your bank manager is easy to meet—and a good man to know!

BREVITIES

EVENTS and TOPICS
of the WEEK in
TABLOID

Lions Club meets next Tuesday.
Board of Education meets next Wednesday night.

Power shortage has caused the discontinuance of the illumination of the cataracts at Niagara Falls.

The Village Inn dining room will be reopened on Sunday, December 7th.

Grimsbey Voters' List for 1947 has been posted up in the Clerk's office. There are 350 Grimsby residents who are eligible for Jury duty.

John Stadelmeier has just finished moving a large cottage at Grimsby Beach. This building 33x43 was moved west 60 feet and south 90 feet. This job was necessitated by the erosion of the lake. The job was completed by John and four men in five days.

On Monday evening next, Mr. D. A. Garvie, District Supervisor of Community Programmes, Department of Education of Ontario, at the invitation of the Lions Club, will speak in the High School Auditorium at an open meeting of citizens, on Physical Education and Recreation. The public are cordially invited to attend.

N. Bruce Wilson, 1 Wingate Place, Forest Hill Village, Toronto, was fined \$25 and costs by Magistrate H. D. Hallett on charges of careless driving. Charges were preferred by Provincial Constable E. G. Hope of Grimsby following an accident on the Queen Elizabeth Way on Nov. 1 Mr. Wilson, who did not appear, was represented by F. J. Flynn.

Wolf Cub Pack

Barry Bourne and Bryan Hyland have been presented with their Second Year Service Stars in recent meetings.

Each Cub now has a record card that shows all the tests with a place to mark the date of their passing. This gives the parents a chance to check on their cub's progress.

Akela passed Murray Shaw in Compass, Physical Training and First Aid and John Brooks in the first section of the Toy-makers Badge.

Mowgli and Rakasha led the rest of the Pack in Bean Bag Bowling until an over ardent bowler put the bean bag up on the steel beam.

At the closing campfire Akela finished the story of Rikki-Tiki-Tavi, the pet mongoose.

SNORE LESS

Snoring, so often accepted as inevitable, should receive medical attention, declares the Department of National Health and Welfare, Ottawa. In a bulletin, the health authorities state that snoring is common among sufferers from some form of nose blockage, and that persistent snorers should see their family doctor for corrective measures.

Mr. Llewellyn then purchased a number of Mr. Laverack's best show dogs. These he crossed with dogs brought from England, from Mr. Statters and Sir Vincent Corbett, which resulted in a fine strain of field dogs. Their reputation spread through all America as the Duke-Rhoebe strain.

The most prominent of these dogs was Count Noble. This dog was purchased by Dr. D. Sanborn, who never knew how perfect he was before he died, and Mr. Wilson bought the Count and showed him.

The body of this dog is in Carnegie Museum at Pittsburgh.

Dr. Walsh in 1878 stated that Mr. Llewellyn's dogs were Dan-Laveracks, but Mr. Llewellyn had developed the strain which bears his name from the Duke-Rhoebe-Laverack blood.

This is a digest of the history of a great breed, which is too long to carry further at present. Possibly at some future date we will carry on with it.

SELF-DISCIPLINE

An appeal to parents to permit their children to take life's little tasks, in order to develop self-discipline and adjust their behavior to social standards, is made by the Department of National Health and Welfare, Ottawa. Learning the hard way has advantages, the department states. A pampered child has little opportunity to learn to solve life's problems in the school of hard knocks, through trial and error. Only through personal experience can we learn to conform to the standards of conduct which living demands.

A shallow mind has a way of getting one into deep trouble.

Classified Advertisements

Classified advertising rates are Three cents a word. Minimum 40 cents. Names, addresses and telephone numbers do not count. Where classified advertisements come in over the telephone or are otherwise charged we will only bill once. All extra billings will be charged at the rate of 10 cents each billing. We do not guarantee publication of classified ads received in our office after four p.m. on Wednesday afternoon.

CLARENCE H. RUSHTON IS FATALLY INJURED

Struck His Head
Times While In A Scuffle
Another Man—Jussle With
ter Charge Laid Manslaugh-

A former Grimsby
for several years manager and
Peach Kings hockey and of the
teams, Clarence Henry Rushton,
43, proprietor of the Ru Rushton,
restaurant, Dundas, was shot Re-
jured early Tuesday fatally in
what police described as a scuffle
with a customer. In a futile at-
tempt to free his father from the
customer's grip, Clarence "Bud"
Rushton, 17, suffered arm injuries.
Constable James Wadge said he
was patrolling the streets about
1.30 Tuesday morning when he
was called to the restaurant. The
constable said the customer was on
top of Mr. Rushton and when he
separated them, the proprietor
could not get up.

Dr. Clarence Bates was summon-
ed and reported Mr. Rushton dead.
Clarence Rushton, Jr., told police
that the customer had argued with
him about a bill, paid some hours
earlier during the supper hour. He
said his father, who was sleeping
in a rear apartment, had been
awakened by the shouting.
"He told the man he couldn't use
such language in the restaurant,"
according to the son, "and when he
opened the door the man jumped
on him."

Mr. Rushton struck his head
several times as the pair tussled
near a booth and the youth suffer-
ed a sprained wrist in trying to as-
sist his father.

An aftermath of the struggle
was the appearance in Hamilton
Court of James Winston Ferris, 31,
of Dundas, on a charge of man-
slaughter. The charge was prefer-
red by Earl Jack, Chief Constable
at Dundas.

Ferris was remanded until De-
cember 11 and bail was set at
\$5,000 cash or two sureties of
\$5,000 each.

Mr. Rushton came to Grimsby
from Hamilton in the early thirties
and purchased the barber business
of Frank Johnson which he oper-
ated for some years, later adding
an electrical appliance line and
conducting a news agency. Two
years ago last May he sold the
barber business to Charles Clatten-
burg and opened what is now the
Fruit Belt Restaurant which he
disposed of a year ago and went to
Dundas.

Between 1936 and 1945 he suc-
cessfully managed several cham-
pionship hockey and baseball teams
in Grimsby and was well known
to the sporting public of Ontario.

Surviving are his wife and son
and his mother, Mrs. Susan Rusht-
on of Grimsby.

The remains are resting at the
Stonehouse Funeral Home where
funeral services will be held this
(Thursday) evening. The remains
will be shipped to Tara by C.N.R.
train on Friday morning for inter-
ment.

WOMAN IS ORDERED TO SANATORIUM

(St. Catharines Standard)
Magistrate Hallett ordered a St.
Catharines district woman to ap-
pear at the Niagara Peninsula
Sanatorium for treatment for tub-
erculosis in court this morning.

The woman, who has been asked
by Board of Health authorities sev-
eral times before to take treat-
ment, has consistently refused and
despite warnings that she should
not seek employment in food hand-
ling outlets her record of employ-
ment over the past several months
showed that those were the only
places she had worked.

Dr. Currey reviewed her case for
the magistrate and stated that she
was an advanced case now. He
asked that she be forced to take
treatment.

CHECK CAR FRONT LICENSE BRACKET

Motorists are advised by the On-
tario Motor Vehicles Licent
Branch to check their equip-
ment to make sure they have the new
license bracket to carry the used
1948 plates which are to be in-
cluded for front and rear of the vehicle.
During war years, and in the
year, only the rear plates
been carried on vehicles.

J. P. Bickell, registrar of that
vehicle licenses, explained that
many vehicles, even new vehicles
are not equipped with the "A" in
bracket. Owners of older cars to
some instances have been fouled.
have discarded the front brace
